EDA Consortium, IEEE Council on EDA to Honor Kaufman Award Winner Dr. Robert K. Brayton November 1 in Santa Clara, Calif.

Wednesday October 17, 4:08 pm ET

Event Offers Opportunity to Meet Industry Pioneer, Authority on Logic Synthesis, Formal Verification

SAN JOSE, Calif. & NEW YORK--(BUSINESS WIRE)--The EDA Consortium and the IEEE Council on EDA will honor Robert K. Brayton Thursday, November 1, during the 14th annual Kaufman Award dinner beginning at 6 p.m. at the Marriott Hotel in Santa Clara, Calif.

5 Handpicked Stocks

Legendary investor Warren Buffett once advised, "Be greedy when others are fearful." Thanks to a fear-filled summer, many top notch stocks are still trading well below their potential, giving savvy investors the opportunity to strike it rich.

In a just-released special report from The Motley Fool you can get 5 buy-now stocks handpicked by a team of the nation's top independent analysts – and it won't cost you a cent!

[Click here for "5 Gifts from the Market Gods." -- It's FREE!](#)

The dinner is an opportunity to meet Dr. Brayton, Cadence Distinguished Professor of Electrical Engineering and Computer Science at the University of California at Berkeley, an industry pioneer who has had a major impact on logic synthesis, numerical techniques for circuit simulation and formal verification.

About the Kaufman Award

Sponsored by the EDA Consortium and IEEE Council on EDA, the Phil Kaufman Award for Distinguished Contributions to Electronic Design Automation (EDA) honors an individual who has had a demonstrable impact on the field of EDA. Presented annually since 1994, it was established in honor of deceased EDA industry pioneer Phil Kaufman, who turned innovative technologies such as silicon compilation and emulation into businesses that have benefited electronic designers. For more information on the award and to register to attend the event, go to www.edac.org or www.ieee-ceda.org.

About the EDA Consortium

The EDA Consortium is the international association of companies that provide design tools and services that enable engineers to create the world's electronic products used for communications, computer, space technology, medical, automotive, industrial equipment, and consumer electronics markets among others. For more information about the EDA Consortium, located in San Jose, CA, contact  408-287-3322 or visit www.edac.org.

About the Council on EDA

The Council on Electronic Design Automation is IEEE's focal point for multiple EDA disciplines. Its goal is to bring increased value to IEEE members and the EDA community as a whole by coordinating EDA activities, enabling new initiatives, fostering interdisciplinary research and recruiting young talent to EDA. It also will increase visibility for IEEE-sponsored EDA events such as the Design Automation Conference (DAC) and International Conference on Computer Aided Design (ICCAD) and its technical publications. Its charter spans theory, implementation and use of computer aided design (CAD) tools to design integrated electronic circuits and systems. Its website is located at: <http://www.ieee-ceda.org>.

The information supplied by the EDA Consortium and the IEEE Council on EDA is believed to be accurate and reliable, but they assume no responsibility for any errors that may appear in this document. All trademarks and registered trademarks are the property of their respective owners.
