

# CALL FOR NOMINATIONS

EDITOR-IN-CHIEF

IEEE Transactions on Computer-Aided Design of Integrated  
Circuits & Systems (TCAD)

The IEEE Council on Design Automation (CEDA) invites nominations for the position of Editor-in-Chief (EiC) for the IEEE Transactions on Computer-Aided Design of Integrated Circuits and Systems (TCAD).

TCAD is a monthly published forum for papers in the area of electronic design automation and computer-aided design of integrated and embedded circuits and systems with analog, digital, mixed-signal, optical, or microwave components.

The term of duty of the new EiC begins on **1 January 2026 and ends 31 December 2027**. The start of the period may be antedated if applicable. A period of approximately five months prior to the beginning of the term will be spent on enabling a smooth transition from the current EiC to the new EiC.

An EiC Selection Committee will evaluate all nominations and make recommendations to the CEDA Executive Committee for appointment based upon the CEDA bylaws. After the EiC is chosen, the Selection Committee will identify the Deputy EiC, in agreement with the newly appointed EiC. The EiC will then constitute an Editorial Board of Associate Editors.

**Deadline for submission is 15 July 2025. Self-nominations are permitted.**

Please send your nomination with the following [Nomination Form](#).

If you have any questions or concerns, contact [Jörg Henkel](#), VP Publications or the CEDA Admin at [admin@ieee-ceda.org](mailto:admin@ieee-ceda.org).
